

AMENDMENTS TO THE SPECIFICATION

IN THE SPECIFICATION:

Please amend the Specification, as follows:

Please re-write the first paragraph after the Title, which paragraph spans page 2, lines 3-4, as follows:

This application is a continuation of co-pending U.S. Patent Application Serial No. 09/461,236, filed December 16, 1999, entitled "Register Based Remote Data Flow Control," which claims the benefit of U.S. Provisional Application Serial No. 60/135,259, filed May 21, 1999. This application is a continuation application of Provisional Application Serial No. 60/135,259, filed on May 21, 1999.
